THREE CENTS

Pattison-McCord

The marriage of Miss Harriet McCord, daughter of Mr. and Mrs. Evan S. McCord, of Seattle, Wash., and Francis Wayland Pattison, Jr., son of Mrs. Francis W. Pattison, of Vernon, British Columbia, and the late Rev. Mr. Pattison, will take place in the Florence Henry Memorial Chapel in the Highlands of Seattle tomorrow, Saturday, September 27, at 8 o'clock in the evening. The many friends of the young man, whose family were residents here for many years and whose father was formerly pastor of the local Congregational Church, will extend their greetings.

Wins Vassar Honors

Miss Katherine Moody, daughter of Mr. and Mrs. A Gordon Moody of this town has received a signal honor at Vassar College recently when she was awarded honors for her academic standing in her sophomore year. Miss Moody is now a junior at Vassar and is a graduate of the Northfield School for Girls.

Road Language

The painting of the white lines on the state highway through the town to direct traffic speaks to all motorists in a language they can readily understand. However, it emphasizes the fact that all must drive safely to avoid accidents, of which there have been too many. Signs along the highway say "Stop," "Crossroad," "Intersection," "Caution," etc., and these mean exactly what they state and the motorist understands full well.

It would be well now if our selectmen would tackle the problem on our town roads and paint some white lines, for there are constant abuses of the primary rules of the road. What about the parking of cars in front of Center and High schools, especially at night with no lights. What about Moody Street where many violate the first rule of keeping to the right. What about the unchecked speed through town especially by our own residents. The rights of pedestrians and the safety of children must be considered. Will we do it?

A son, Daniel C., was born to Mr. and Mrs. John J. Boyle, of Lincoln, N. H., on Sunday, September 14. Mrs. Boyle is the former Margaret Mary Donahue, daughter of Mr. and Mrs. Daniel C. Donahue, who have sold their place at the Farms and removed to Millers Falls.

Friends Are Invited

The Northfield Schools have arranged for a piano recital to be given in the Auditorium Saturday evening, September 2, at 8:15 o'clock, to which all friends and lovers of music are cordially invited. The artist will be Joaquin Nin-Culmell, known as an outstanding interpreter of Spanish music and the program will include both Spanish and traditional classical numbers. Students of the School for Girls and Mount Hermon School will attend as well as many invited guests.

Fiftieth Anniversary

Mr. and Mrs. Fred H. Doolittle of Ashuelot Road will observe the 50th anniversary of their wedding on Saturday evening, October 4. They will hold an open house that evening from 7 to 10 o'clock to their many friends and neighbors.

Speakers On Sunday

The speakers at the Sunday morning service at the Northfield Schools will be Dr. Mira B. Wilson, principal of the Northfield School for Girls, at 11 A. M. in Russell Sage Chapel, and Dr. Henry Coffin, president emeritus, Union Theological Seminary, New York, at 10:30 A. M. in Memorial Chapel, Mt. Hermon School for Boys.

Autumn started in last Tuesday with a cold spell that put a finish to many beautiful gardens and damaged the vegetables and garden produce that was exposed to the frost. The spell of cold weather came suddenly to follow some very good weather and "wise ones" say that it means a cold winter. Surely with the foliage coming earlier than usual and the liability of frozen water pipes above ground, our summer residents will end their stay within a few days.

The Misses Natalie and Beverly Briesmaster, of Valley Vista Inn, are enjoying a few days motoring about the White Mountain area.

It is reported that Mr. and Mrs. Gerald Quigley, of Greenfield, have purchased the former Wall residence on Main Street.

Mr. and Mrs. Alden Edson are now occupying the upper apartment in the home of Mr. and Mrs. James Goodwin on Mill Street.

Gilbert Greider, who has been at the home of his mother here on Birnam Road, has returned to his studies at the University of New Hampshire.

The Autumn Foliage

Before the next copy of the "Press" reaches its readers, especially those living out of town, the autumn season of foliage will be much in fullness. Nature will be in the process of painting the landscape with its beautiful colors of red, yellow and brown. The valleys, hills and mountains will be the mecca for thousands of motorists.

The villages and country hotels will draw many patrons who are urged to travel leisurely and enjoy the New England spectacle. Colors will begin to show a little earlier this year than usual, especially in the North, but in Massachusetts, Southern Vermont and New Hampshire the scene should be perfect between the 1st and 12th of October. It is expected that many summer residents will return to Northfield to occupy their cottages for a brief stay and then close them for the winter.

Fortnightly Meeting

The first meeting of the season of the Fortnightly will be held in Alexander Hall Friday afternoon, October 3, at 3 o'clock, with President Mrs. Cleland Cochrane presiding. The guest speaker will be Dr. F. Wilton Dean who will talk on his recent journey across the continent to California, illustrated with views taken by the camera. The tea hostesses will be Mrs. Cortland Finch, Miss Daisy Holton, Mrs. Winfred Whitaker and Miss Mercy Brann. All members have received the printed booklet of the program for the year.

With Hartford Church

Rev. Edwin W. Grilley, Jr., rector of St. Mark's Episcopal Church, of Fall River, for the past five years, has resigned his charge effective October 16 to accept the ministry of St. James Episcopal Church, of Hartford, Conn.

The Rev. Mr. Grilley is a graduate of Mount Hermon School and for the past two years has been a summer resident of Northfield in the Woodruff cottage on Rustic Ridge which he purchased as a summer home for his wife and family. He has made many friends here during his stay each summer and they now wish him all joy and success in his new parish. The family will plan for their usual stay next season.

Garbage Proves Fatal

Down Amherst way a farmer reports that he has lost fifty hogs within the past two months, valued at over \$2,000, after eating household garbage.

It is thought that sprays used on vegetables were responsible, or insecticides, possibly deodorants. This idea is challenged, however, by plant pathologists at the University of Massachusetts. A study is being given to the subject and an autopsy made to find out the chemical analysis.

Such information with others widely publicized, makes a word of warning necessary. Don't use insecticides or deodorants on your garbage if you know it is being fed to animals, and just one word more, keep your garbage clean and free of cans, glass, or other material.

Kinsolving Changes

Rev. Dr. Arthur Lee Kinsolving, rector of Trinity Church at Princeton, N. J., since 1940, has been named as rector of St. James Church at Madison Avenue and 71st Street in New York city and will begin his pastorate there about November 1. Dr. Kinsolving is well and favorably known here and has participated in religious effort at the Northfield Schools and in several former summer conferences. Dr. Kinsolving, who is a native of Baltimore, became rector of Grace Church, Amherst, in 1923, after his ordination. In 1930 he was named rector of Trinity Church in Boston, where he served ten years.

Dr. Kinsolving's father is rector emeritus of St. Paul's Church in Baltimore. Two of his uncles have been bishops and his cousin is the present bishop of Arizona.

Observe Anniversary

Members of the parish of St. James Episcopal Church, of Greenfield, which includes about fifty residents of Northfield, were invited to observe the 135th anniversary at the church on Wednesday evening of this week. The rector, Rev. John B. Whiteman, the wardens and the vestry, received and greeted all. There were many treasured articles belonging to the church displayed. The program was very informal and several short addresses were made by visiting clergymen. A brief review of the history of the church was given. Refreshments were served.

"Ah, yes," said the pastor in closing, "the greater the sinner, the greater the saint."

"Humph," muttered the old lady. "I wish I'd known that 40 years ago!"

During the siege of Paris in the Franco-Prussian War, food became so scarce that rats, cats and dogs were eagerly devoured. An aged Countess, having a dog named Fido, at last reluctantly gave order to her cook to have him killed and made into a stew. As she picked at the last remaining bones of her pet she absent-mindedly remarked, "Poor Fido, how he would have enjoyed these bones."

**HERE'S \$5 BILLION UNCLE SAM
WON'T HAVE TO BUDGET**

Expansion of America's Electric Power Capacity Equal to 5 TVA's —

*Won't Add a Cent to Your Tax Bill**

It could only happen in America!

During the next five years the greatest expansion in power capacity in world history will take place here in America — *at no cost to the government.*

Amazing, Mr. Attlee? . . . Incredible, Mr. Molotov?

It's a fact. The business-managed electric companies that supply 80% of America's record-breaking power needs are already well along on a five-year program that will add more power to America's supply than nine

Niagara or five TVA's!

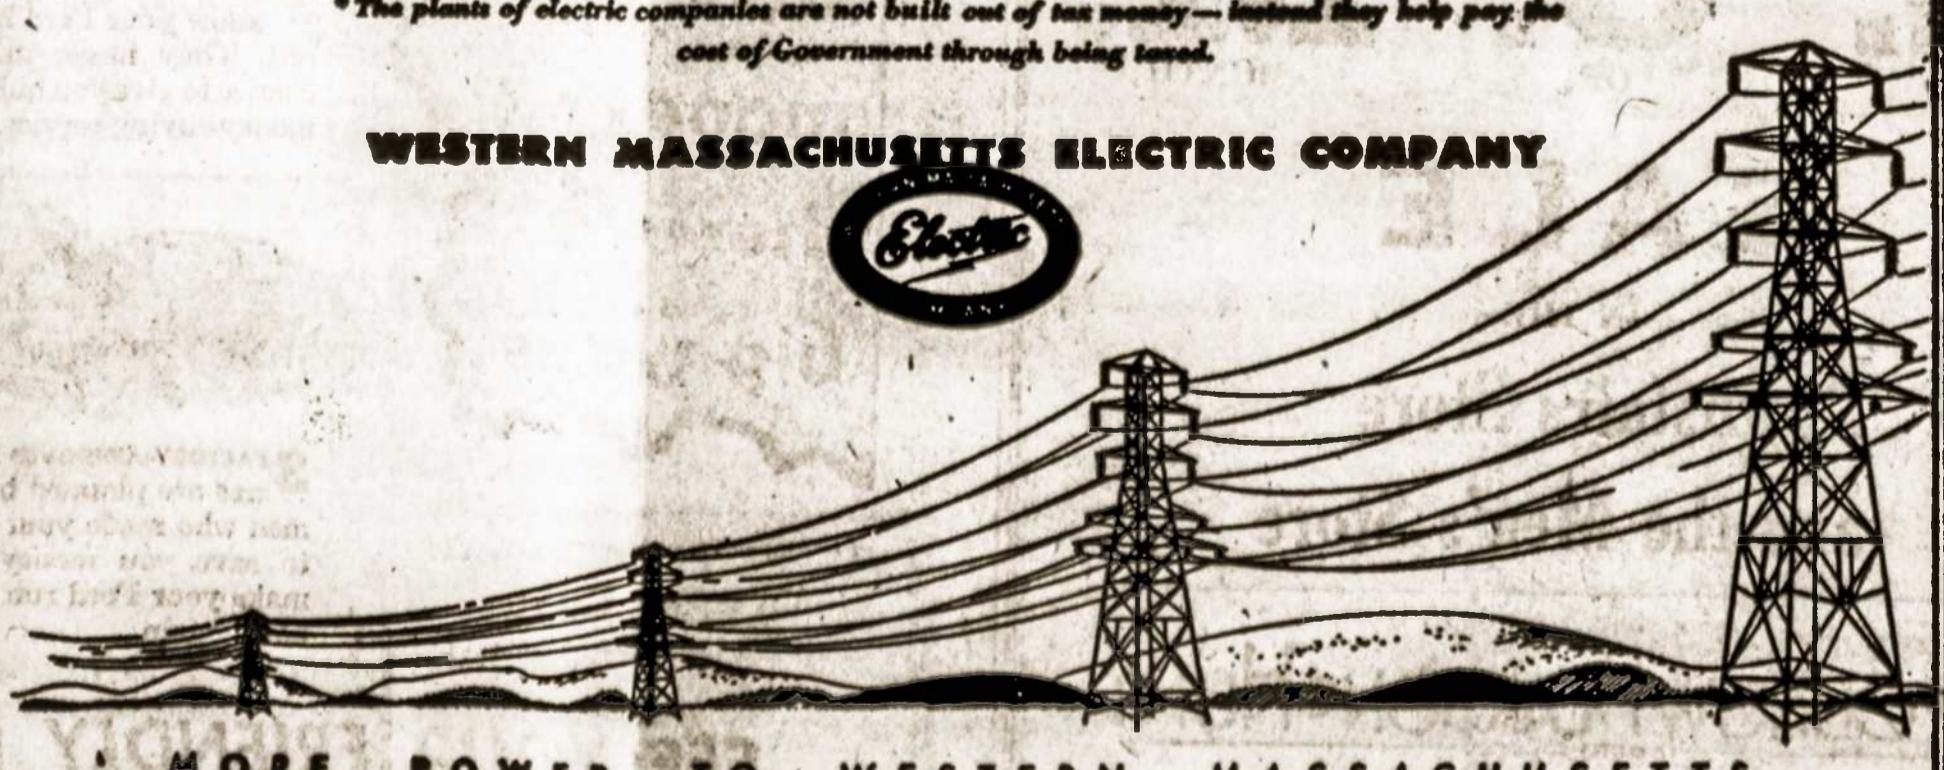

The cost will be tremendous — over \$5 billion. But it will be financed by millions of thrifty investors who are ready to put their savings to work in the American way. It won't add a cent to your tax bill.

This five-year increase in America's power will exceed the present total of all government-owned power projects — including TVA, Boulder Dam, and Bonneville.

Yes — it could only happen in America under the free enterprise system.

*The plants of electric companies are not built out of tax money — instead they help pay the cost of Government through being taxed.

Speir, director of public relations, of New York city, returned on the 15th. Visitation were made by the group in France, Belgium, Holland, Ireland, Norway and Denmark. Each member had their "bike" to travel about and their only luggage was a sleeping bag and saddle bag in which they carried their clothing and personal supplies.

The return of the hostellers from Europe marks the end of the second of such projects sponsored by the A. Y. H. A hundred made the journey last year. While abroad some of the young people attended the Youth Festival in Czechoslovakia and the Conference of Christian Youth in Norway. All members are enthusiastic over their experience.

The annual meeting of the Trinitarian Congregational Church will be held at the church on Wednesday evening, October 8, when reports will be received from the various organizations and committees of the church, and an election held. Supper will be served at 6:30 o'clock.

It's grand!

THE NEIGHBORLY SPIRIT . . . IT'S grand!

A first year garden can be pretty tough going. What a wonderful feeling when the more experienced gardener next door gives you a helping hand!

You're on party line telephone service, and everyone on your line works together for better service. Keeping calls brief, allowing a little time between a series of calls, and answering promptly — that's acting in the *neighborly spirit*, too. It benefits everyone on party lines!

WE REALIZE THAT TELEPHONE SERVICE, for those who share a party line, depends a great deal on the party line neighbors. We know, too, that many people are looking forward to having individual service . . . and eventually we'll be able to provide them with it. But, as long as materials and equipment are in short supply, party line service makes it possible for us to give telephones to the maximum number of people.
